To, Hiring Manager

30 April 2023

Dear Sir/ma'am,

I am contacting you to express my interest in web development and to know if there is any opportunity for a fresher web developer. I have completed a Post Graduate Diploma in Advanced Computing (PG-DAC) from the prestigious Center for Development of Advanced Computing (CDAC), a skill development course under the Ministry of Information Technology and Telecommunications., I have developed a strong foundation in full-stack development and I am eager to apply my skills professionally.

My CDAC experience provided me with hands-on experience in programming languages like Java, and JavaScript, as well as modern front-end technologies like ReactJS. During the course, I gained extensive knowledge in web development technologies, including HTML, CSS, JavaScript, and ReactJS. I have also worked with databases like MYSQL and server-side technologies such as JavaEE Spring boot, and Node.js, I have also got the exposure to DevOps technologies like agile, scrum, SDLC, basic AWS, docker, and Kubernetes, gaining a thorough understanding of the full-stack development process.

In addition to my technical skills, I am a quick learner and a team player. I enjoy collaborating with others to solve complex problems and I am always willing to go the extra mile to achieve the best possible outcomes. As a full-stack developer, I understand the importance of developing efficient and effective software solutions that meet the needs of clients, and I am eager to contribute to the success of the Company.

Moreover, I am thrilled to have the opportunity to work with a team of professionals who are passionate about creating innovative solutions that drive the industry forward. The prospect of working in an environment that fosters creativity and encourages continuous learning is something that excites me and motivates me to succeed.

In conclusion, I am confident that my skills, knowledge, and enthusiasm make me a strong candidate. Thank you for considering my application, and I look forward to hearing from you soon.

Sincerely,

Manoj Mishra | 8378022981.
