

Hi-Fi Wireframes

Landing Page

The landing page features a hero section with a call-to-action "Let's help you Start your career in Tech". It highlights "80% discount on all courses when you use a discount code". Below this is a circular image of two students working on a laptop. Key statistics include "2k+ Present/Past Interns", "15 Courses", and "25+ Tutors". A section titled "Our Popular Courses" shows four cards: UI/UX Design, Front End Web Development, DATA ANALYSIS, and GRAPHIC DESIGN. A large image of a student in a classroom setting follows. The "Welcome to Vephla's E-learning Website" section includes a "Get Started" button. A "Why Choose Us?" section contains six icons: Regular Assessments, On-site & Remote Learning, Certificate, Community, Job Opportunities, and a placeholder for "Frequently Asked Questions". Testimonials from students like Onwesha Mafe and Michael Ajala are shown. A "Start Your Tech Journey Today" button at the bottom leads to "View All Courses".

Course Catalog

The course catalog page shows a banner with "Check out the courses we offer" and a sub-section "Course Catalog". It lists "15 courses in this category". Below are four rows of course cards for "UI/UX Design", "Front End Web Development", "DATA ANALYSIS", and "DATA ANALYSIS". Each card includes a thumbnail, title, level (Beginner, Intermediate, Advanced), price (\$150,000 or \$250,000), and a "View Details" button. The footer includes links for Company, Community, and Teaching, along with copyright information.

A mobile view of the course catalog showing a grid of course cards for "UI/UX Design", "Front End Web Development", "DATA ANALYSIS", and "DATA ANALYSIS". Each card displays the course name, level, price, and a "View Details" button. The footer includes links for Company, Community, and Teaching, along with copyright information.

Course Details

The course details page for "UI/UX Design" shows a video thumbnail of a student. The course summary includes "UI/UX Design", "Beginner", "3 months", "1000+ Students", and a 4.9 rating. A "Get a discount code, click here" button is present. Below are tabs for OVERVIEW, SYLLABUS, REQUIREMENTS, TUTORS, and REVIEWS. A "About This Course" section provides a detailed description of what students will learn. A "Skills you'll learn" section lists skills like Visual Design, Wireframing & Prototyping, Interaction Design, User Research, UX Flows/Information Architecture, Mobile App & Responsive Web Design, Usability Testing, Figma, and Adobe XD. The footer includes a "Skills You'll Learn" sidebar with categories like Visual Design, Wireframing & Prototyping, Interaction Design, User Research, UX Flows/Information Architecture, Mobile App & Responsive Web Design, Usability Testing, Figma, and Adobe XD.

PS:

I decided to take it easy on my developer,

If not 😅, e for see shege for my hand 😂.

Life no suppose hard sha.
